Dream Tags Charitable Fund
Open Request for Proposal

The Community Foundation of Western Nevada is accepting proposals for grants from the Dream Tags Charitable Fund. Proposals will be considered by the Advisory Board on Dream Tags and grant recommendations must be approved by the Board of Trustees of the Community Foundation.

The Dream Tags Charitable Fund provides funding to engage Nevadans in wildlife conservation by focusing donated funds to restore resilience in at-risk Nevada habitats with strategic collaborative projects for sustained impact that supports the preservation, protection, management, or restoration of wildlife and its habitat. To be considered for funding, project proposals must demonstrate measurable impact in accordance with this purpose.

Applicants must be registered 501(c)(3) nonprofit agencies, nonprofit educational institutions, or governmental entities. Projects must be performed in Nevada. Grants are typically paid on a reimbursable basis for actual expenditures. Funding will not be provided for work performed prior to grant approval.

Please submit 1 pdf copy via email of your proposal. Proposals are encouraged for the following: A. Projects that improve, protect, or restore habitat
B. Projects that embrace unique opportunities for advancing the mission of wildlife conservation in Nevada
C. Projects that address emergent needs
D. Other projects that meet the evaluation criteria

Applicants must provide a minimum 25 percent match for funds requested. Guidelines for requests of matching funds are provided in the following application form.

Applications may be sent to the Community Foundation of Western Nevada by email to ttturner@cfwnv.org at any time during the year to be considered for funding. For questions or additional information, contact Tracy at the Community Foundation office. The application is also available online at www.nvdreamtag.org.

The application may be reproduced, retyped, or sections increased or reduced in length but must follow the same order. Please use the following checklist to ensure your application is complete:

- Proposal, including Cover Sheet and narrative, is a maximum of 5 pages on 8 ½” x 11” paper in readable font (i.e. Times New Roman 12 pt.)
- Budget is page 6
- Pages are numbered
- You are submitting 1 pdf copy
- You have emailed the pdf to ttturner@cfwnv.org and received confirmation of receipt

If you/your organization are submitting more than one project for consideration, be prepared to prioritize the projects.

---

Note: Put your application, budget, and any photos into ONE pdf file. Submit your required attachments via email clearly labeled with your organization’s name in the file name. Send your files to ttturner@cfwnv.org.

DESCRIPTION OF PROJECT UNDER CONSIDERATION
Indicate the description that best fits the project you are proposing. Mark no more than three categories:
XX A. Projects that improve, protect, or restore habitat
__ B. Projects that embrace unique opportunities for advancing the mission of wildlife conservation in Nevada
XX C. Projects that address emergent needs
__ D. Other projects that meet the evaluation criteria

NARRATIVE REQUIREMENTS
Provide answers for all sections below; use the numbers and topics (in bold) to label each section in your response. Your application is limited to 5 narrative pages, including the cover sheet. Your budget is page 6. All projects are required to have measurable outcomes:

1. Specific project goals and measurable outcomes. How do these tie to the project description?
The monies from this funding request will be used to apply seed to for use in the rehabilitation of the 2015 fires across high priority sage grouse and mule deer habitat across the state of Nevada. The seed will augment the amount and diversity of species that will be applied to key burned habitats on public and private lands.

The primary goal will be to work with Nevada BLM to supplement fire rehabilitation efforts.

2. Project location.
The seed proposed within this funding request could be applied in Nevada Department of Wildlife’s (NDOW) eastern region. As of the writing of this application approximately 20,500 acres of Nevada has been burned by the 2015 wild land fires (see figure 1).

3. Project description.
NDOW will work with the BLM to apply seeds to several fires in the eastern region of NDOW.

4. Permitting.
All national environmental policy act (NEPA) activities fall under BLM’s emergency stabilization and rehabilitation (ES&R) program and all necessary compliance with NEPA is complete.

5. If future phases of the project will be needed, identify anticipated sources of funding.
Future wildfire rehabilitation efforts will be handled as independent efforts.

6. Principals involved in leading or coordinating the project or activity.
Dr. Lee Turner, NDOW Habitat Ecologist
Alan Jenne, Habitat Division Chief
Steve Foree, Supervising Habitat Biologist Eastern Region

7. Number of staff positions involved in project: Fulltime_____Part-time________ (“Fulltime” means 100% of their staff position will be dedicated to this project; “part-time” means only a portion of their staff position will be dedicated to this project)
Regional Supervising Habitat Biologists will be the NDOW staff dedicated to facilitating the purchase and incorporation of this seed within the statewide rehabilitation efforts. Other NDOW personnel will be involved in the application of the seed through either aerial or drill seeding efforts. No salary money
Dream Tags Charitable Fund
Open Request for Proposal

is being requested through this Dream Tag proposal as all NDOW salaries are generated by other sources.

7. Number of volunteers involved in project and an estimated number of volunteer hours.
The number of volunteers that may be involved in the 2015 fire rehabilitation effort is unknown at this time but NDOW is already trying to schedule volunteer seed collection efforts throughout the state. The seed collected during these volunteer projects will be used to additionally augment the wildfire rehabilitation efforts. We have a long history of volunteer assistance in fire restoration efforts and it is not uncommon to have 30 to 40 volunteers show up a day of seed collection.

9. Time Line of Project. List key dates and include project milestones. Note: Be realistic in your estimate of dates and milestones. List any factors that may cause a delay in implementing and/or completing the project.2
   • January to March – Drill and aerial seeding of plant species including but not limited to sagebrush.

10. Success.
    Monitoring will be necessary to document recovery and will help in evaluating treatment techniques, allowing for adaptive changes of future restoration efforts. On public lands BLM recovery criteria will be used to evaluate success. In the Elko District this means:
    • A minimum of three seeded perennial grasses per square meter rooted firmly in the soil, with consideration to site selection factors such as soils, topography, native release of desirable species, and the potential for seedling establishment.
    • A qualitative assessment of soil and site stability, and hydrologic function, that results in ratings of none to slight departure from that expected from the same kind of ecological site considered to be in stable condition.
    • Bitterbrush (native release or artificially planted) and Sagebrush
    • For the bitterbrush sites the objective is, a minimum of 50% of live plants sampled directly within the burn area will have third year’s woody stem leader growth as measured on established or new monitoring transects.
    • Private lands will be monitored through the establishment of long term photo points to track community establishment through time.

11. Grant match.
    Currently NDOW has approximately $100,000 from Habitat Conservation Fee, Question 1 funding and NGO donations committed for fire rehabilitation with additional support being sought from a multitude of sources including sportsman’s and conservation organizations to private contributions. It should also be noted that the land management agencies will also be providing the majority of the fire rehabilitation funds and that this proposal simply captures the NDOW related expenditures and efforts.

12. Project budget (see Sample Budget Template on page 5 of this RFP). Provide detail on line-item expenditures and show which costs are to be paid for by the Dream Tags Charitable Fund grant, which expenses will be paid by other sources of funding, and which will be paid for with in-kind services.
    ◦ Note: Project budget must be on its own on page 6.

Grants from the Dream Tags Charitable Fund are typically paid on a reimbursable basis for actual

GRANTEE REQUIREMENTS
To be eligible for funding, grantees must adhere to the following requirements:

Monies are to be used and/or disbursed exclusively for the charitable uses and purposes.
The Dream Tags Fund shall be used exclusively to provide support for the preservation,
protection, management or restoration of Nevada’s wildlife and its habitat.
The Charitable Beneficiaries may include 501(c)(3) organizations and governmental entities. Any
grants to governmental entities must be made exclusively for public benefit purposes.
All grantees will be required to sign a grant agreement stipulating their agreement with all of the
terms, conditions, and reporting requirements.
To maintain eligibility to receive grant funds, each Charitable Beneficiary must comply at all times with
the following requirements:

1. Charitable Beneficiaries must be exempt from federal income taxation under Section
   501(c)(3) of the Code;
2. Charitable Beneficiaries shall use all Fund distributions toward projects that are appropriate
   and legal public expenditures;
3. Charitable Beneficiaries must provide financial details and/or reports of their organizations
   upon request;
4. Charitable Beneficiaries must not use any Fund distributions for political contributions or
   political
   advocacy;
5. Charitable Beneficiaries must implement the projects, activities, and/or programs for which
   they received Fund distributions as agreed upon in the grant acceptance agreement, or must
   return all such distributions to the Community Foundation forthwith;
6. Charitable Beneficiaries must provide the Community Foundation with quarterly reports
   detailing
   the activities of their projects and/or programs; and
7. Charitable Beneficiaries must sign an agreement regarding their compliance with the
   qualifications hereof.

PROJECT EVALUATION CRITERIA
Each proposal will be evaluated on criteria that include but are not limited to:

Measurable outcomes in accordance with the exclusive goal of the Dream Tags Charitable
Fund. Monitoring and reporting to learn from the project and track project
accomplishments. Closeness of project focus to areas of funding emphasis (on-the-ground
habitat improvements). Readiness of sponsoring organization to undertake and complete
project.
Opportunities to partner with others to leverage funds and accomplish larger outcomes.
Consistency with established Dream Tags Charitable Fund operations (timeline, match, etc.).
Impact on preservation, protection, management, or restoration of Nevada’s wildlife and its
habitat. Absence of negative or unintended consequences.
Solutions to known problems as identified through past research and monitoring.
